SHERAZ YOUSAF

Profile

Frontend Developer with internship experience and hands-on involvement in real-world projects, including multiple production-deployed Websites. Proficient in HTML, CSS, Tailwind CSS, JavaScript, and React, with a strong focus on building responsive, accessible, and scalable web interfaces. Experienced in translating UI/UX designs into high-performance websites and optimizing user experiences across devices.

EXPERIENCE

Frontend Developer Intern   05/2024 – 07/2024 | Lahore

Zaions

- Strengthened core web development skills by working extensively with HTML and CSS.
- Developed and improved responsive layouts to enhance usability across different screen sizes.
- Assisted in refining UI components and improving overall page structure and visual consistency.

Frontend Developer Intern   03/2025 – 04/2025 | Remote

CodeAlpha

- Built and optimized responsive UI components using HTML, CSS, and JavaScript.
- Implemented layout improvements and responsive design techniques to ensure cross-device compatibility.
- Gained practical experience collaborating on real-world frontend tasks in a remote work environment.

PROJECTS

Arkgenisys *| React, Tailwind CSS, React Router | Live Preview*

- Developed a modern, responsive web application using React, Tailwind CSS, and React Router.
- Implemented clean UI layouts and smooth client-side navigation for an improved user experience.
- Deployed the application on Netlify and configured a custom domain using Hostinger for production use.

Geo Leaders *| React, Tailwind CSS, React Router | Live Preview*

- Built a responsive website using React and Tailwind CSS with client-side routing.
- Deployed the project on Netlify and connected a custom domain via Namecheap.

CargoSphere (FYP) *| React, Tailwind CSS*

- Designed and developed a scalable parcel booking web application using React and Tailwind CSS.
- Implemented key features including a dynamic freight mode selector, interactive pricing calculator, and tracking dashboard. Focused on accessibility, responsive design, and cross-device performance to deliver a modern user experience.

SKILLS

Tools & Technologies: HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React, SQL, Git, Github, Netlify, Supabase.
